MASSIMO COLELLA

FULL STACK WEB DEVELOPER

I am a passionate full stack web developer, with experience in both the front end and back end, characterized by a strong problem solving and constant search for improvement. I have gained advanced skills in key technologies such as JavaScript, Vue, Php, Laravel and SQL databases. My ability to transform complex concepts into high-performance and user-friendly web solutions, together with my constant desire to learn, make me an ideal candidate for teams that aim for excellence in the development of innovative digital products.
